CELEBRATING 60 YEARS OF RICHARD PATERSON, OBE

Did you know that 2026 marks the 60th anniversary of Wolfcraig's Master Blender, Richard Paterson, OBE, in the whisky industry?

Known throughout the whisky world as "The Nose", Richard's remarkable career has helped shape some of the most iconic Scotch whiskies of the past six decades. His passion, knowledge, and unmistakable flair have inspired whisky lovers across the globe.

To celebrate this special milestone, we would love to hear your stories and memories. Perhaps you worked alongside Richard during his time at Whyte & Mackay or were fortunate enough to meet him at a tasting or event and experience his legendary enthusiasm for whisky first-hand.

Whatever the occasion, we would be delighted if you shared your recollections with us. If you have photographs to accompany your stories, please do send them along - we would love to feature them across our social and member communications as part of the celebrations.

While stepping back from some administrative responsibilities, Richard remains deeply committed to curating life at Wolfcraig, continuing to play an important role in shaping the spirit and story of the brand.

If you would like to share a story or photograph, please send them to info@wolfcraig.com - we would be honoured to include your memories as part of this very special anniversary.

We look forward to hearing your stories and celebrating this remarkable milestone together.

OUR NEW HOME IN THE HEART OF GLASGOW

Our new offices are nearly ready, and we cannot wait to welcome you!

With the finishing touches expected next month, we hope to be fully operational by the summer. When the time is right, we very much look forward to raising a glass with our members in our new home.

Located in the vibrant Royal Exchange Square, our new surroundings place us among some of Glasgow's finest bars and restaurants, alongside the Gallery of Modern Art and the city's famous statue of the Duke of Wellington.

The Duke is rarely seen without his iconic orange traffic cone - once a playful prank by Glasgow's revellers dating back to the 1980s, now a beloved symbol of the city's character and sense of humour. So iconic, in fact, that Banksy once described it as his "favourite work of art in the UK", citing it as part of the inspiration for hosting his 2023 exhibition Cut & Run in Glasgow.

We can't help but wonder what Banksy might think of our 14-Year-Old Second Edition Triple Sherry Cask -

A RARE WOLFCRAIG BOTTLING

Working exclusively with an American whisky enthusiasts' club, we recently bottled our Wolfcraig 28-Year-Old Single Grain, finished in Virgin Oak.

With only 245 bottles produced, and just 120 available for sale, this is a truly rare and special dram. Wolfcraig Master Blender Ian Macmillan reflects on the character and craftsmanship behind this exceptional bottling:

"This is a whisky that rewards patience. After nearly three decades of maturation, the Virgin Oak finish brings an extra dimension of warmth, spice and complexity, resulting in a dram that is both refined and memorable." Enquire today to discover how you could own a piece of this exceptional whisky - limited availability means opportunities like this are truly rare – info@wolfcraig.com

STONE. SWEEP. SIP. REPEAT.

It's not all hard graft here at Wolfcraig. Earlier this year, the team took part in the Whisky on Ice Curling Tournament - a fantastic day of learning, friendly rivalry, and industry camaraderie between distilleries and whisky brands.

The event was expertly organised by Wolfcraig's own Lauren Gray, Olympic medalist and curling champion, who was very much in her element on the ice.

Our thanks to Lauren and the team at Curling Events Scotland for a wonderful day. We'll be back next year for sure... if they'll have us! Until next time: Stone. Sweep. Sip. Repeat.

thank you

At Wolfcraig, our members remain at the heart of everything we do.

Thank you for being part of our journey -
we look forward to sharing many more drams together.
